

# THE HIDDEN GEM OF DOOR COUNTY! A UNIQUE FARM MARKET EXPERIENCE

## Why Stop at White Cottage Red Door?

An event planners' DREAM! White Cottage Red Door is a unique farm market experience & guaranteed to have something for everyone. Enjoy complimentary bakery and specialty food samples paired with daily featured wine at our rustic tasting bar. The conversation piece is our handmade reclaimed barnwood American flag! Our specialty food & artisan goods selection is second to none including salsas, sauces, pickles, baking mixes, & syrups as well as everything cherry! One of the only confectionaries in Door County to make fudge the old fashioned way- with a copper kettle & marble slab! Using only the highest quality ingredients & no preservatives, see why our fudge really is the BEST in Door County! Let's not forget about our cherry pie- we were under the radar in our rookie season last year. Our cherry pie is simply the best because they're natural juice pies with true Door County Montmorency cherries.

The gift shop at White Cottage Red Door isn't your typical retail store. Everything we offer has been handcrafted by artists from the United States or around the world other than China. Our thoughtfully selected home decor and gift items & ever evolving inventory definitely makes our store unique and a must stop in Door County.

In spring 2017, the parking lot was completely resurfaced and is now able to accommodate parking of large travel group buses, RV's, & trailers with easy in & out access from both directions. The parking area has designated handicap spaces as well as easy access through both store entryways. The restrooms were also remodeled to 2 individual facilities and are available to our customers.

## Group Tours & Large Buses Welcome!

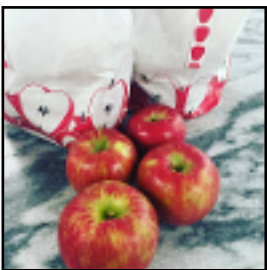

8813 State Highway 42 Fish Creek (Between Egg Harbor & Fish Creek)
